Experience

Operations Technician | NBC

Sacramento, CA / June 2017 -- Present

- Lead a team which set up and maintained 10 television channels across Sacramento, Fresno and Salt Lake City.
- Oversaw the transfer of old database systems to a modern cloud based backup file system.
- Organized and issued the monthly schedule for our team.

Delivery Driver | Steve's Pizza

Woodland, CA / September 2013 - January 2018

- Set up a new Point-of-Sale order system.
- Organized in-house events for guests.
- Delivered food, took customer orders and handled monetary closeouts.

Easy Tech | Staples

Santa Cruz, CA / September 2010 - September 2013

- Reinstalled software programs or adjusted settings on existing software to fix machine malfunctions.
- Advised customers concerning equipment operation, maintenance, or programming.
- Maintained records of equipment maintenance and repair.

Intern | Hearst Communications

Sacramento, CA / August 2017 - May 2018

- Organized and edited video packages with classmates and staff.
- Set up and operated electric news gathering (ENG) microwave vehicles to gather and edit raw footage on location to send to television affiliates for broadcast.
- Confer with directors, sound and lighting technicians, electricians, and other crew members to discuss assignments and determine filming sequences, desired effects, camera movements and lighting requirements.
